Help Desk Ticket Lab 1

1. 

Tom Wilson, a manager, submitted a ticket requesting an access update for his employee, Kavita Patel. Kavita is transferring from the Engineering department to IT Infrastructure, so her system access and permissions need to be updated to reflect her new department.

Help Desk Ticket Lab 1

2. 

In the next step, I removed Kavita Patel's access to the Engineering department and granted her access to IT Infrastructure. She can now access the files and resources associated with IT Infrastructure.
